#### Other News

##### Summer Sermon Series

If you are feeling somewhat disjointed from church due to various holiday activities that have caused irregular attendance, then why not benefit from the great teaching that has been recorded throughout August and is available on the parish website.

Similarly, if you are involved in **Messy Church** in any way, you can catch up with that week's sermon on the website too!

To access all sermons just go to [www.whitfieldparish.org/resources](http://www.whitfieldparish.org/resources)

##### Goodbye and Thank you

This is my last Grapevine and Sunday at Church. Thank you Sue Leighton for persuading me at school governors to come back to church and welcoming us as a family. Over these last 15 years we have received so much love and encouragements from too many people to mention. Thank you so much, you are our family and we may be moving to worship at Romiley as part of my job, but we are still in Glossop and we want to keep in touch.

In my role, the renovation of the Vineyard has played a huge part. At the beginning I heard God speak over the building the verse from Isaiah 61, which became part of the vision for the project.

As I left before I went on holiday and prayed around the building, I felt God's presence and His encouragements. The things I have learnt and the person I have become in these last six years in this building and in Whitfield parish has also been God rebuilding, restoring and renewing me.

*God Bless Jane, Tom, Jack & Henry*

## **Growth Groups**

Growth Groups are small groups of people meeting fortnightly in people's homes. The objective of these groups is to:

- grow closer to God through prayer and Bible Study,
- closer to each other - having fun, being friends, sharing and caring for each other and
- closer to others especially from our community in various ways.

We encourage everyone to be in one - please speak to Toby/Helen or Jane and we will suggest one that you could join.

## **Buildings Update**

### **St Luke's Church**

The new boilers are due to be installed the week commencing Monday 16 September. Hopefully this warmer weather will see us through to them being up and working.
